

PO 2

FEATURES

Stabilized granular sanitizing bleach

It is an additive in powder with a high whitening, stain removal and sanitizing action to be used as a strengthener in the washing process in combination with complete detergents.

The particular formulation allows to obtain excellent results on all the most stubborn stains and on all types of fabric (white and colored with the exception of wool and silk) already at medium low temperatures (from 40 ° C-60 ° C), performing at the same time a strong sanitizing action without damaging the tissues.

The strong sanitizing action at medium / low temperatures and the excellent whitening power make it particularly suitable for the treatment of all hospital linen, rest homes, communities, hotels, etc., allowing a substantial energy saving,

It can be used on all white and colored fabrics except wool and silk.

Concentrated formulation with high yield
Excellent whitening and sanitizing action
Effective even on the most difficult stains
Also active at medium-low temperatures

METHODS AND DOSES OF USE

From 1 to 4 grams of product per kg of dry laundry, during the washing phase, based on washing conditions and temperatures.

For specific uses and further information, refer to the indications of the G.B.M. ELETTRICIMICA.

COMPOSIZIONE CHIMICA/CARATTERISTICHE

> 30% bleaches based on oxygen (sodium percarbonate)

Appearance:	White powder
Odor:	Odorless
Apparent density:	0.65 g / ml c.a.
pH value of 2%:	10.5 + -0.5
Solubility:	140 g / l (at 20 ° C)

SAFETY INFORMATION

CLASSIFICATION:

H272 May intensify fire; oxidising

H302 Harmful if swallowed

H318 Causes serious eye damage

HANDLING: to handle the concentrate, use suitable gloves and protect eyes. More detailed information can be found in the safety data sheet, which should be read carefully before use.

WARNINGS

Do not mix with other products.

Store the product only in original, closed packaging, in a cool, dry place with adequate ventilation at temperatures not lower than 0 ° C and not higher than 40 ° C. Avoid moisture.
